

# Senior Estimator

We require a self-motivated detail oriented estimator with a minimum 6 years of direct industry specific experience in tendering large residential subdivisions and/or municipal sewer and roadworks in the GTA.

Proficiency in the use of Bid2Win, Heavy Bid or Hard Dollar estimating software is an asset.

An excellent command of the English language with strong grammatical and letter writing skills is a must.

The successful candidate will be a good communicator with outstanding interpersonal skills.

Your first challenging assignment will involve being an integral part of a small team that will implement an integrated estimating and job costing system.
